Page 13: “you pinned my legs to the ground with your feet and demanded I stand up the rape will tear you in half 15 he guts her with his fingers like he's scraping the inside of a cantaloupe clean.”

Page 19 “our knees pried open by cousins and uncles and men our bodies touched by all the wrong people that even in a bed full of safety we are afraid.”

Page 20 “you plough into me with two fingers and I am mostly shocked. It feels like rubber against an open wound. I do not like it. You begin pushing faster and faster. But I feel nothing. You search my face for a reaction so I begin acting like the naked women in the videos you watch when you think no one's looking. I imitate their moans. Hollow and hungry. You ask if it feels good and I say yes so quickly it sounds rehearsed, but the acting. You do not notice.”
